# READY-TO-RUN H-O TRAIN SETS

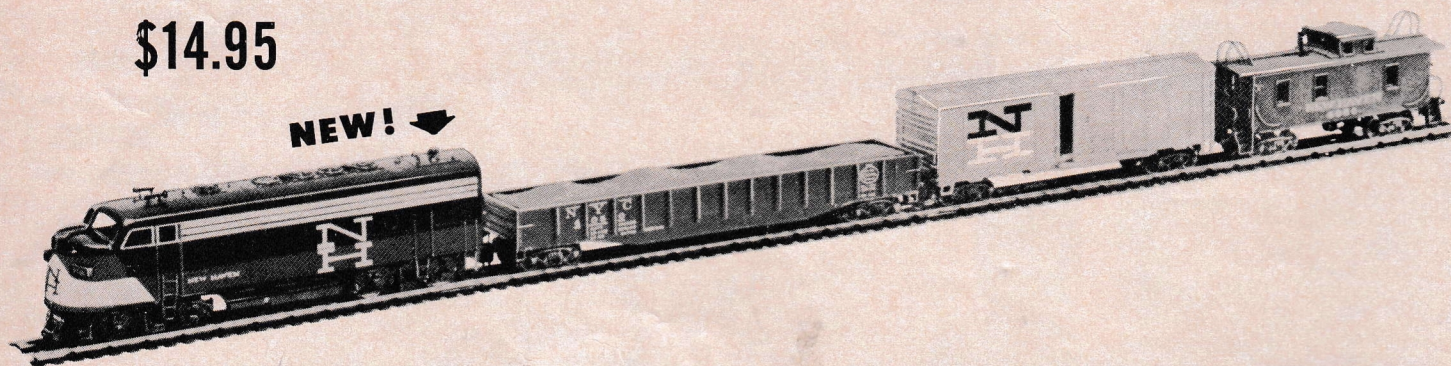

New Engines! New Cars! — Colorful New Road Names! Working Headlights!

SET No. 1

**\$14.95**

## F7 ROAD DIESEL AND 3 CARS

**NEW!** ↘

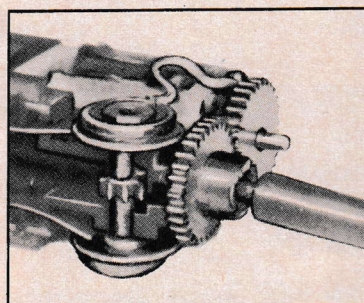

### T-7061 NEW HAVEN

Headed up by a brand new, colorful New Haven engine with 8-wheel gear drive and working headlight this sensationally priced quality train set includes a colorful New Haven box car, extra-long gondola with "lift-up" gravel load, and a New Haven caboose. 14 sections track, uncoupler and re-railer complete the set.

### T-7062 UNION PACIFIC

Same as T-7061, with Union Pacific colors and markings on engine and caboose.

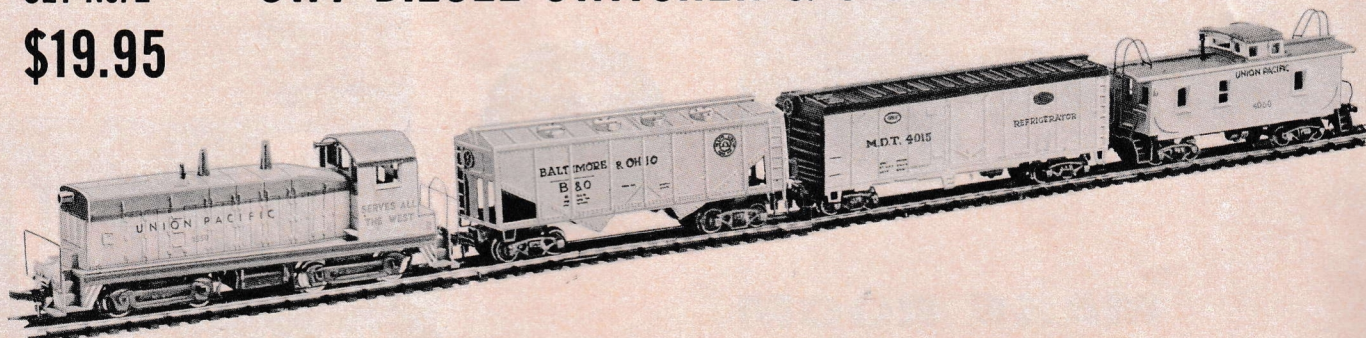

**new gear-driven motor makes this train the best performing train in the low priced field!**

SET No. 2

**\$19.95**

## SW7 DIESEL SWITCHER & 3 CARS

### T-7002 UNION PACIFIC

A workhorse on wheels, this SW7 with Revell's famous Dyna-Glide motor and worm-gear drive, pulls authentic rolling stock from well known American lines, including a marvelously detailed reefer, a cement hopper with realistic lift-up roof, and a UP caboose to match the engine. 14 sections track, automatic re-railer and uncoupler also included in this top-value train set.

SET No. 3

## 0-6-0 STEAM LOCO AND 3 CARS

**\$29.95**

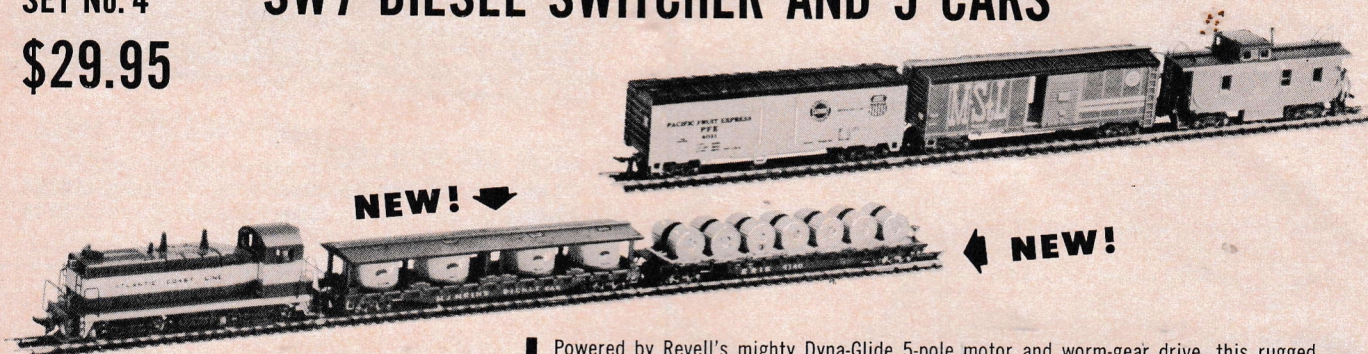

**T-7101 UNION PACIFIC**

The only H-O steam loco with all these features—5-pole motor, gear drive, operating pistons, working head lamp, chug-a-chug sound and real smoke—Revell's Union Pacific 0-6-0 heads up a train set that is the best steam engine value in the H-O field! Sure to have tremendous appeal for consumers, it includes flat car with real logs, a box car with sliding doors and a finely detailed UP caboose, plus 14 sections of track with uncoupler and automatic re-railer.

SET No. 4

## SW7 DIESEL SWITCHER AND 5 CARS

**\$29.95**

**T-7003 ATLANTIC COAST LINE**

**T-7004 SOUTHERN PACIFIC**

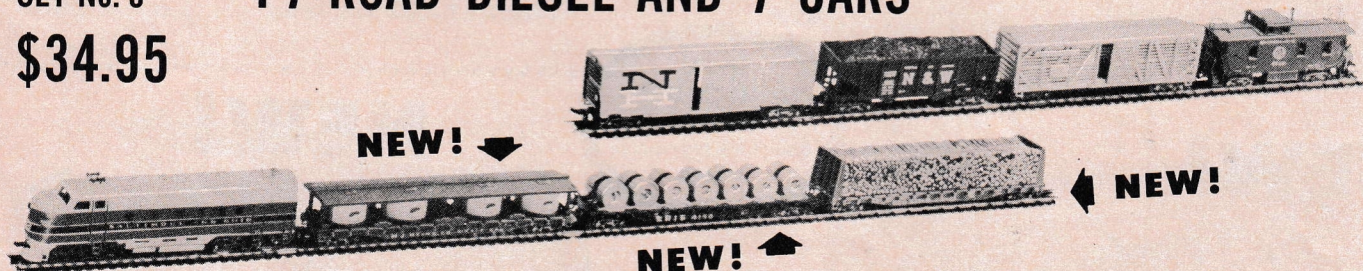

Powered by Revell's mighty Dyna-Glide 5-pole motor and worm-gear drive, this rugged A.C.L. yard goat pulls a colorful line-up of authentic railroad cars. Set includes deluxe engine with headlight, fireman and engineer, ladders and guard rails, plus reefer, box car and caboose, exciting new Heinz pickle car and cable reel car with real-as-life freight loads. 14 sections of track with automatic re-railer and uncoupler come with the set.

— Same as T-7003 with Southern Pacific colors and markings on engine and caboose.

SET No. 5

## F7 ROAD DIESEL AND 7 CARS

**\$34.95**

**T-7052 BALTIMORE AND OHIO**

**T-7051 SANTA FE**

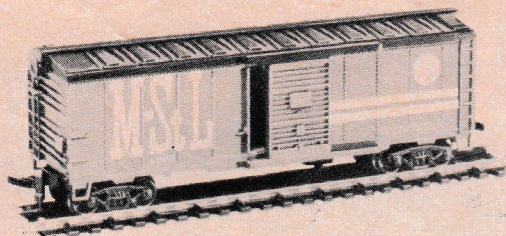

— Same as T-7052, with Santa Fe colors and markings on engine and caboose.

This sleek streamliner is a rivet-perfect replica of the popular B & O road diesel. Deluxe locomotive features working headlight, real windshield, engineer and fireman, illuminated number panels and Dyna-Glide motor and worm-gear drive. Ready for cross-country hauls on any model pike, it heads up a long, long string of exciting cars that feature real freight loads. In addition to a complete track layout with uncoupler and automatic re-railer this easy-to-sell train set includes box car, stock car, hopper car and caboose, plus exciting new pulpwood car, cable reel car and pickle car.

# REVELL SCALE BUILDINGS

Sensational Values—Fabulous Detail!

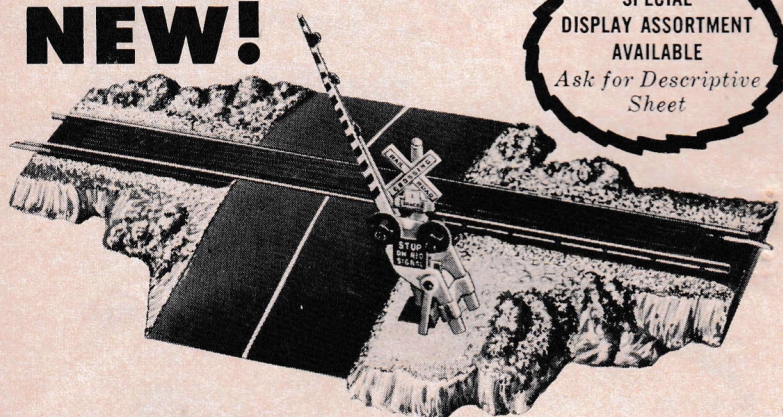

## SMALL TOWN STATION

Scaled from blueprints of an actual Chicago and North Western station, Revell's pre-painted building snaps together—needs absolutely no cementing. Remarkably detailed are roof shingles, wood planking, benches, baggage cart, vending machine, baggage, crates, 3 figures, real windows and decals for signs, time-table, bulletin board, etc.

T-9001 . . . \$2.49

## OPERATING CROSSING GATE

A realistic, complete, fully-automatic unit that belongs on every H-O layout. Easily installed, no wires to connect, this crossing gate has foolproof operation. Approaching trains automatically lower the gate—red crossing lights flash continuously while the train passes—gate raises automatically when train has passed. Complete crossing scene is provided, with road, gate, lights, sign, and track mounted on realistic roadbed.

T-6016 . . . \$5.95

**NEW!**

## TRACKSIDE BUILDINGS

Five different pieces in this sensationally priced, unbelievably detailed group of buildings. Molded in 3 realistic colors an elevated switchman's shanty, crossing tender's shack, 2-story interlocking tower, water-tower and trackside water spout—each scaled from an authentic prototype, make up this set of snap-together buildings that's sure to add realism and sparkle to any model layout. Six realistic figures complete the set.
